

DISC EAS SharePoint Services

We focus on IT support so you can focus on your mission

SHAREPOINT SERVICES

- Professional management and support of your SharePoint site.
- Modern and responsive sites using the SharePoint Online modern experience. That means our solutions work on any device.
- Custom form and application development using Microsoft Power Apps.
- Business automation development using Microsoft Power Automate.
- Monthly educational presentations on different features and functions offered to customers as a value-add.

For nearly 40 years, USDA OCIO DISC EAS has provided exceptional service to USDA, sustaining strong customer relationships within USDA.
