

IPv6 Policy Waiver Request

[Federal Acquisition Regulation](#) (FAR) 11.002(g) states the following: “Unless the agency Chief Information Officer waives the requirement, when acquiring information technology using Internet Protocol, the requirements documents must include reference to the appropriate technical capabilities defined in the USGv6 Profile (NIST Special Publication 500-267) and the corresponding declarations of conformance defined in the USGv6 Test Program. The applicability of IPv6 to the agency networks, infrastructure, and applications specific to individual acquisitions will be in accordance with the agency’s Enterprise Architecture.” For additional guidance, please see the USDA CIO’s memo, [Policies to Ensure IPv6 Compliance for Information Technology \(IT\) Purchases](#), and [Procurement Advisory No. 127](#).

1. Request Date

2. Agency Name

3. Title of AAR
