As of June 29, 2023**

States	Senators	Representatives	Recipient	Grant	Project Description
PR		Jennifer Gonzalez-Colon	Fondo de Inversion y Desarrollo Coop	\$8,025,000	This Rural Development investment will be used to help assist with the construction of two meat slaughter and processing plants, one for swine and one for bovine. This project will also help fund three poultry production warehouses to increase the availability of chickens for grilling. These initial projects will allow additional fresh and more affordable meat and poultry products for local customers. The revolving loan fund will be administered by Fondo de Inversion y Desarrollo Cooperative, Inc (FIDECOOP) who administers a host of other investments that support businesses in Puerto Rico. The new fund will give them another tool to use to strengthen the financial capacity of local cooperatives focused on meat and poultry production.
CO	Michael Bennet John Hickenlooper	Lauren Boebert (03) Brittany Pettersen (07)	Fremont County Economic Development Corporation	\$10,000,000	This Rural Development investment will be used to capitalize a revolving loan fund. The Fremont County Economic Development Corporation (FEDC) will initially use the loan fund to assist Fremont County's only USDA-approved meat processing center to expand buildings and infrastructure, improving meat quality and ease of purchase for Coloradans. FEDC will use revolving loan funds to assist farmers and food businesses to expand in Fremont, Conejos, and Mesa counties in Colorado. It is anticipated that 40 new jobs will be created through this funding.
MT	Jon Tester Steve Daines	Matt Rosendale (02)	Great Falls Development Authority Inc	\$2,000,000	The organization's mission is to help fund existing and startup meat and poultry processing operations in the Great Falls Montana region, increase and diversify production, process a higher percentage of livestock raised in the region, and grow the industry in such a way as to lower operating costs for processors. GFDA also creates high-wage career opportunities that improve quality of life and the environment.
MT	Jon Tester Steve Daines	Matt Rosendale (02)	Great Northern Development Corp.	\$4,125,000	This Rural Development investment will be used to capitalize a revolving loan fund to expand meat processing in the Great Northern Development Corporation (GNDC) service area and across Eastern Montana. This project will be used to assist GNDC clients with the manufacturing and processing of value-added agriculture products, primarily cattle, sheep, swine, goats, and bison. GNDC is one of nine Food & Ag Development Centers across Montana. The network helps Montanans innovate and grow businesses that produce and commercialize food, agricultural, and renewable energy products and processes.
SD	John Thune Mike Rounds	Dusty Johnson (At Large)	GROW South Dakota	\$8,125,000	GROW South Dakota will assist approximately 16 meat and/or poultry processors at an average loan of \$500,000 per business and will inject needed capital into the processing industry and advance economic opportunities. The funds will improve the livelihoods of community residents through job creation and access to fresher meat and poultry products while meeting pollution mitigation by reducing food miles for transportation from local growers initially and ultimately to local markets.
